Requests are Retouches and Enhancements

I will edit your print selections with any retouches and enhancements I feel is necessary, but you can add in the request box any retouches and enhancements you want to make sure I cover.

Free Retouches

Blemish Removal - removes unwanted blemishes teenagers often get.

Crop Image - focus more on the person in the shot avoiding background, retaining relative size or print size.

Teeth Whitening - brightening of teeth.

Free Enhancements

Black & White - changes your photo to black and white; Sepia - changes your photo to sepia; Antique - ages your photo; Color Fade - reduces the color intensity in your photo; Color Boost - intensifies the color in your photo; Matte - adds a white oval blur around the edges of your photo; Vignette - darkens the corners of your photo; Edge Blur - blurs the corners of your photo; Color Focus - an object or person is in color and the rest of your photo is in black and white; Soft Blur - a soft blur is applied to the surrounding background; Heaven - the light colors are slightly blurred to give your photo a heavenly appearance; other requests are accepted and cost may be applied depending on amount of time to edit the desired image.
